

## Your Pleasure is Your Product

Thailand, Bora Bora, Hawaii, Hong Kong, Singapore—what is going on with this Sage team? Our Business Team is growing in leaps and bounds. We want you all to know how much it means to us to have you onboard. New, higher commissions make it easier to make your living by promoting the Mia Sage brand. As Miamar Productions evolves into *the* global entrepreneur university we are looking for more enjoyable ways that we can include you.

Can you host a free SKYPE coaching evening? Are you certified to conduct a 6-day workshop in your area? Are you able to manage a phone team to promote Mia's books on talk shows? We need your help, and we want to help you reach your goals.

## It's Raining Men

According to the latest statistics more than 250,000,000 computer guys will lose their jobs in the next decade. It seems that they have built computers so good that the machines are taking over for the nerds. If you can provide outplacement services for tech companies, this is a goldmine. Companies will pay 1000€ or more for every person you train to transition into entrepreneurship.

More importantly, there will be millions of very smart, polite gentle men available to join your team. These guys know tech and they love to work together. An effective coach can take a dozen or more of those guys and transform them into a powerful money machine.

Mia is all over this. She is adding computer and tech help to operate the business so that she can gallivant around the globe creating the right image for her business.

Good players are the greatest assets you can find. If you need help with recruiting or training your team, we would love to assist you.

## Entrepreneur TV

You can get excellent weekly entrepreneur training online for less than the cost of a pack of cigarettes. For 5€ per week you can tune in to Sage University Online for the finest training available.

If your business is already earning enough, you won't need this kind of education. But if you want to grow your business, we can show you how.

Entrepreneurs get paid for doing what they love with people who love them. The new service economy is a pleasure economy. You earn by sharing your enjoyment with other exciting people. Contact Xochi at the home office to sign up.

## No Team, No Dream

It is amazing how easy it is to move money when you play with an effective team. It is just as amazing how hard things are when you work alone.

Some coaches have a private practice. But all coaches need a team for the *business* of coaching. When you link up with a couple of other productive players, you suddenly find yourself in a whole new income bracket.

In April we will offer Monday Night Classes to demonstrate the coaching transformers in detail. Tuition is 200 for SKYPE and only 100 if you prefer to tune in via conference calls.

Learn to coach your business team and watch your dreams come true.

## Greetings from Mia Sage

I am convinced that women are not meant for hard labor. My man loves to carry heavy things around and work endless hours assisting people to write books and grow their businesses. My feminine nature prefers to travel and enjoy the good life. Strangely enough, my game is the one that earns the money.

While going over the accounting I realized that wherever I am is where the money moves. I never doubted the Sage University philosophy that play earns more than work. But I was still surprised to see the numbers on paper that confirmed that fact.

There are still millions of people earning regular degrees for jobs that no longer exist. That is why I am so happy that all of us are showing people innovative ways to earn their living by following the warmth in their hearts.

CNN pays more attention to big companies. But we are the ones providing the jobs and launching the businesses that will create the new economy. Thanks so much for playing with me. I will see you somewhere exciting real soon.

## Professional Sales Team

The most exciting development at Miamar is the large commissions that we are paying to our professional sales team. We decided to begin this year by raising the commission rates and by training our sales team relentlessly. We just love the intensity of the game. And we love knowing that we are launching so many small businesses. We are especially delighted with Melissa Hendrick, who so many of you supported financially in her move to Honolulu. Now she is becoming a trusted agent for other entrepreneurs on Oahu.

If you want to be a great business player, join us. Let's do well by doing good things for others.

## Geisha School—Bora Bora

No question about it—Bora Bora has become our newest winter home. Every woman who attended the Geisha School Advanced experienced profound release. The beauty and warmth restored their soft, feminine natures. Check out their photos and films on Facebook to see how good it is for women to travel south in the snowy season.

We are already taking reservations for 2015. We want to create a support team to help aspiring Geisha's to create the money for this luxurious experience.

You can look at such pleasure as pure indulgence. But we know that your pleasure is the key to your future prosperity. We hope to see you in paradise next winter.

## Growing Your Business (April 01-06)

You can earn prosperity with ease if you will take the time to learn the seven essential skills for growing your own business. We can show you how to design systems, recruit great partners, and develop them into a team. As you learn to coach your own sales teams and lead your people, they will grow into an innovative network that can bring you more money than you could ever earn on your own.

If you have high aspirations, be sure to join us to acquire profound understanding of the business fundamentals necessary to fulfilling your dreams. While other universities offer professors with good theories, Sage University provides hands-on training from experienced entrepreneurs who can show you what it really takes to succeed.

If you are ready to take your business to the next level, these are the skills you will need. You can attend this course on Ibiza or you can join via Skype. Call Xochi right away to sign up.

## **What to Do With the Rest of Your Life**

(April 18-20—Honolulu)

Whatever you love doing someone is making a living at it. Lots of people have wonderful, workable dreams. What most people lack are the fundamental skills necessary to find their true calling and to create exciting pilot projects to put their plans into action. Mia Sage has helped thousands of people start up business ventures based on following their bliss. Your heart is a warm, steady guide—the only source you can trust absolutely. In this class Mia will show you how to read your desires and connect with like-minded partners to transform your dreams into lucrative realities.

If it is time for you to discover your hidden talents and begin the adventure of a lifetime, this uplifting event will give you the energy and inspiration you need to get the ball rolling.

## **How to Talk to Men in Business**

(April 24-27—Honolulu)

Businessmen are actively searching for competent women they can trust to help them build their businesses. Workingmen are seeking women leaders they can work for to forge innovative partnerships. But few women know the business language or the communication patterns that earn the trust of loyal, effective men. Forget about the glass ceiling. When you have the power to put men on the business channel for you then you can open any door.

## **Sales Mastery**

(May 01-06—Ibiza)

Nothing happens in business until someone sells something. Professional sales people will devote their lives to selling for you if they see that you can speak their language. In Sales Mastery you learn the scripts to share your creativity with other people and to put money into your account.

Salesmanship is more than just selling. People learn to buy the same way they learn to walk—one baby step at a time. Instead of asking people to buy, you have to get them talking. In their meta-language they will tell you exactly what they need and they will send signals that tell you how they want to proceed. We can show you how to tap into the clients buying process so that you can get their rhythm and tune your products and services to fit the needs of each client.

Does it take longer to win a lifelong client? You bet it does. If you are ready to learn, we can show you how to really get it right with people. As you earn their trust, they will send their friends to work with you. Come to Ibiza or join one of the SKYPE teams in your city to attend this highly effective training.
