

## Metamorphosis

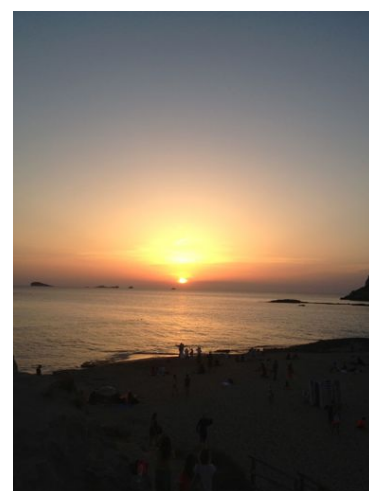

## Holiday Pleasures

Forbes Magazine has weighed in with their estimate on the number of computer related jobs that are on the verge of extinction. They figure that 400,000,000 knowledge workers will be looking for a new way to earn a living over the next 2 decades. Essentially that means that the Information Age will join the Industrial Age on the scrape heap of history. Your job and your company is toast.

Not to worry—Sage University is already educating entrepreneurs for the new Service Era. You, and everyone you know, will earn a living by entertaining, educating, and enlivening other people.

Fools fear change. Wise people adapt to it. Traditional leaders today still fight over land and resources. The leaders of the next decade will be massive networks of entrepreneurs conducting projects via the Internet. Global wealth will increase 30 times more and distribution systems will enable us to share the prosperity over our smart phones.

## Brand You

Your product in these changing times is you. You Tube, You Laugh, You Play—You name it. Everybody wants to enjoy your pleasure. You are something strange and wonderful. Post yourself online doing what you *really* love and you will win millions of new fans.

In the last century people achieved success by being good and blending in. Now it is time to follow your heart and stand out from the crowd.

Sage University gives you the confidence you need to live your dream. Our graduates form a global family. You are in business for yourself, but never by yourself. Our method is simple—all for one, one for all.

Please let us know how we can assist your business projects. We are ready, willing, and able to provide the connections and the skills you need to reach your goals.

## Join Your Teams

Albert Schweitzer stated that true happiness comes from service to other people. Truer words were never spoken. We live that happiness because we are in service to one another. That is why every student of Sage University earns a degree in Adventure.

You can join sales teams and enjoy free training. You can assist seminars to learn how to improve your own workshops. Or you can join support groups with people who are there to support your game.

When you sign up for Metamorphosis you get 30 days of intensive training, either on Ibiza, or via the Internet. The moment you sign up you join a business round table. Soon you meet a most extraordinary player—You. We won't let you forget who you are.

## Greetings from Mia Sage

Thanks to all of you I am meeting wonderful people from all corners of the globe. A surprising number of them are bright, inspired immigrant women like me. We seem to share a bond of competence and willingness to put in the time to develop our own businesses.

Our new Metamorphosis Month is bringing us together in exciting ventures that bring us fulfillment along with the security we need. Free agent entrepreneurship is a wonderful game that earns our money by deepening our friendship.

TRUST is the bond that brings us together. I have dedicated my life to earning the trust of my partner, my associates, and my clients. I never set out to become successful or to become famous. My aim is to enlist other people like me, who value honesty and sweetness above all else.

My business is my baby and you are all my family. I am sensitive and introverted. But my heart burns with love for each and every one of you. Together we are forging a new people-centered business model.

## Sage University Online

You can get excellent weekly entrepreneur training online for less than the cost of a pack of cigarettes. For 5€ per week you can tune in to Sage University Online for the finest training available.

If your business is already earning enough, you won't need this kind of education. But if you want to grow your business, we can show you how.

Entrepreneurs get paid for doing what they love with people who love them. The new service economy is a pleasure economy. You earn by sharing your enjoyment with other exciting people. Contact Justin at the home office to sign up.

## **GWEN**

(Aug 22-25 — Hamburg)

Other women are the key to your success. Instead of fighting your way into boring corporate jobs you could be working and playing with other exciting free agent entrepreneurs to grow your own business. Most successful people earned their way by starting and developing a business team. GWEN is where women meet to mix and mingle, and to find project partners who share their values. This is no network meeting. You don't want to be the person with a handful of business cards, scanning the room for your next conquest. GWEN is for women who show up because they want to make a contribution to other women, and to participate in building enterprises that honor the feminine nurturing qualities that women share.

## **How to Talk to Men**

(Aug 29-31 — Hamburg)

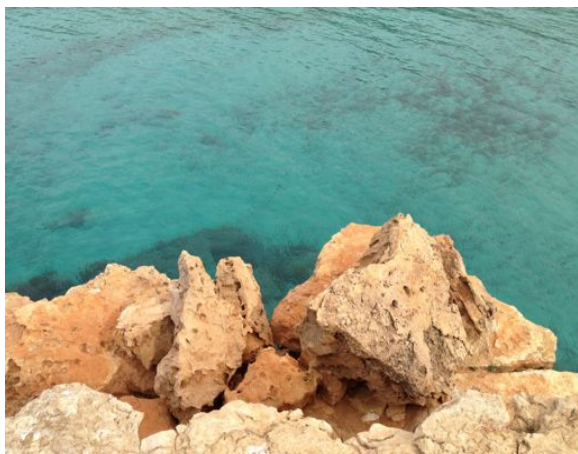

Mia Sage created the How to Talk to Men seminars that are taught by dozens of women on several continents. Now she is coming to Hamburg with her team to take part in the course that has brought harmony to so many couples and business partnerships. We invite you to attend this life-changing class and to meet Mia in person so that you can feel the quality of her connection with other women.

Intellectual understanding of men isn't enough. To change the equation with men you have to understand from the heart. That is something you get by osmosis. Spend this weekend with Mia to rekindle your feminine spirit and to take your man-woman connection to a whole new level.

## **Teambuilding**

(September 09-14 — Ibiza)

Dr. Carly Smith is operates a successful chiropractic clinic in Chicago. Before that she played point-guard for Loyola University. She led her team for four years and learned the skills necessary for building teams.

Very few women have those skills. That is why we invited Carly to co-train the Teambuilding course here on Ibiza.

You will learn to build business teams and to bring out the best in your friends and family. Make your reservations now for this playful event. You will emerge with new skills for transforming people into highly effective teams. E-Mail today to register.

## Self-Actualization

(September 01-07 — Ibiza)

Getting free is easy. The great challenge of life is to face the harsh view of yourself that you project onto other people. No matter how hard you try, your mind can't think and your body can't feel the wonder of your existence. That is why we created Self-Actualization to mirror the enculturation and self-deception that hold you prisoner in the false reality created by your mind.

You can't heal an organism without getting to the roots that lie deep in the dirt and darkness. Our trainers are masters of inner theater—they act out qualities in you that you have been unable to face or to embrace. Only the truth can set you free. If liberation is important to you, Sage University's *Self Actualization* is the only course that reveals the truth, the whole truth, and nothing but the truth. This course is the perfect reflection of your anima—the animal spirit that must find release for you to live your dreams. You won't like it when you see yourself as others see you. But we will guide you deeper into your nature to discover your true beauty. You will get to know the deeper self that witnesses your life from a place of serenity and joy.

First this course will shatter your false ego. The moment you realize who you are not, you will begin to sense the sweet, genuine character that is the actual self.

## Self-Actualization Month: *Metamorphosis*

(November 2014)

The sooner you sign up for the 30-day training in November the sooner we can begin your free weekly coaching sessions to get you started in your quest for adventure. The caterpillar crawls through life before transforming into a butterfly—one of the most beautiful creatures in all of nature. Metamorphosis is real transformation. We believe you can fly.

If you have fulfilled the first phase of your life, you might be ready to transform into the person you are meant to be. Mia Sage created the *Self-Actualization Month* for those who are ready to commit to living life to the fullest. You can participate in this powerful challenge via Skype or spend all or part of it together with us here on Ibiza. You can work your regular job, just so you can accomplish your challenges after work and spend four weekends attending the interview sessions either online or in the training room.

Our training team will assist you to melt down the lowly crawling identity you have formed so you can emerge with wings and with a new sense of purpose. We will challenge you to achieve one small miracle each day, together with your teammates. During the interviews you will discover your own self-directed path. Then you and the members of your team will hold you accountable to get the results you promised.

We are making this course very affordable—5000€ for 30 days. If you sign up by August you can save 20%. Mia Sage and her team created this life-changing event because transforming people brings them to great joy. We believe you can fly. You will certainly emerge as someone entirely unexpected. You have to be strong and you have to be ready for this. You can apply by E-mailing Mia to set up an interview.

Have you done what you came here to do? Have you sung, danced, and played? Have you made your contribution? Have you lived your dream? When the end comes can you release, knowing that you gave it everything? Thanks to Mia's meticulous nature this month is a superbly organized series of adventures that you will share with other highly committed people. To learn more you should make an appointment right away.

Sometimes life offers you a cusp—a rare chance to step through a door into a whole new reality. You don't have to be Alice to discover Wonderland. You only need to spend 30 days with us to discover how to live your dream and fulfill your love.
